

Friends and Family Test Results

September 2019

Thank you to the patients who completed the Friends and Family Test survey in September 2019.

The Practice received 416 responses for Question 1 during this month.

87% stated that they were likely or extremely likely to recommend our practice to their friends and family.

The Practice has recently changed their appointment system and we continuously anticipate feedback from patients on how the new system is working and whether there has been a considerable increase in patient satisfaction.

The Practice received no responses for Question 2 during this month.

Thank you to all the patients that have taken the time to participate in our monthly survey.

Miss Anna Butrym
Practice Manager
